CargoBeamer®

Your advantages with CargoBeamer

All semi-trailers

All types of semi-trailers incl. ADR/RID can be transported

Real-time tracking

Live tracking via GPS available for each loading unit at any time via our eLogistics portal

High throughput rates

When fully developed, each terminal can handle 12 train pairs with up to 1000 units per day

Turnaround in record time

Complete loading and unloading of up to 72 semi-trailers within 20 minutes

Increased profitability

Our customers reduce their costs by up to 20% as compared to road transport

Doubled asset-utilization

No waiting times allow our customers to double the utilization potential of their drivers and trucks

Environmentally friendly

Customers can reduce CO₂ emissions by around 85% compared with using the road

Digital processing

Booking, documentation and invoicing are handled digitally via our eLogistics portal

Relieving highways

Rail transport relieves roads and highways while avoiding traffic jam

72% CO₂ reduction

realized with CargoBeamer on this lane compared to road transport

701 kg of CO₂

are saved with each trailer using rail instead of the road*.

*Calculations are certified by EcoTransIT World and TÜV Nord and are compliant to EN 16258. The amount of CO₂ shown is based on an average net load of 18t.
